

Experience and Partnerships per Country, May 11, 2011

Region/Country*	In-country	US-based	Established	Language	Notes
	Oil and Gas Industry Experience	Oil and Gas Industry Experience	(E) or Pending (P) Partnership	Capability - Fluent (F) or Basic (B)	
					
Americas					
Argentina	x		E	F	EIA, due diligence for oil and gas facilities
Bahamas	x		E	F	Feasibility study for exploration activities in a sensitive marine environment,
Bolivia	x		E	F	EIAs for 4 exploration programs and pipeline EA
Brasil	x		E	B	Led EHS mgt program for Petrobras, EIAs for >12 E&P programs
Canada	x		E	F	Environmental due diligence studies
Chile	x		E	F	Design of baseline study for oil field development
Colombia	x		E	F	Extensive ESIA work for BHP, BP and others
Ecuador	x		E	F	EIA and SIA for exploration and pipeline development programs
El Salvador		x		F	Environmental due diligence studies
Guatemala	x		P	F	Environmental due diligence studies, onshore exploration ESIA screening
Haiti			P		Work proposed (EIA)
Mexico	x		E	F	Led \$20M organizational change program for PEMEX, 2002-2005
Nicaragua			E	F	Design of EIA and stakeholder program for an offshore exploration program
Panama	x		E	F	Independent review of SIA/stakeholder program for Panama Canal expansion
Peru	x		E	F	Onshore production ESIA screening, due diligence assessment
Trinidad and Tobago	x		E	F	Extensive experience
Venezuela	x		E	F	Extensive experience
Europe					
Cyprus			P		Limited experience
France	x			B	Limited experience
Greece		x		B-	In-country work experience (non oil and gas) and studies
Italy		x	E		Limited experience
Netherlands			E		
Norway		x			Limited experience
Slovakia		x			In-country work experience (non oil and gas) and studies
Spain		x		F	Environmental audit
UK	x		E	F	Various
Eurasia					
Azerbaijan	x		E	B	Onshore and offshore baseline studies, EMS development
Kazakhstan	x		E	B	ESHIA, risk assessment for Tengiz development
Russian Federation	x		E	B	Due diligence, training, offshore baseline study
Turkey			E		
Uzbekistan			E	B	
Middle East					
Bahrain	x		E		Limited experience
Iraq		x	P		Onshore exploration ESIA screening, proposed ESIA for a refinery
Israel	x		E		ESIA for regional offshore exploration drilling program
Kuwait	x		E		HSE management system standards development and training
Oman		x			Limited experience
Qatar			E		
Saudi Arabia		x	E		Limited experience
Africa					
Angola	x		E	B	ESHIA (4), risk assessment, due diligence assessment, ESIA screening
Benin			E	B	
Cameroon		x		B	Limited experience
Chad		x		B	Limited experience
Egypt	x		E		EIA for exploration program
Equatorial Guinea		x	P	F/B	Limited experience
Ethiopia		x	P		ESIA screening
Ghana	x		E	F	Legislative benchmarking and needs assessment for Ghanaian regulators
Ivory Coast	x		E	B	Extensive ESIA work for Tullow, Anadarko and others
Kenya		x	E		ESIA for offshore seismic program
Liberia	x		E	F	3 EIAs for offshore drilling programs, training workshop for regulators
Libya		x	E		EIA scoping, oil spill response program, and worked in ports
Madagascar			P	B	
Malawi			E	F	
Mozambique			E	B	
Nigeria	x		E	F/B	Extensive experience in EIA (6), baseline, site assessment, other
Republic of Congo		x		B	ESHIA facilitation for an offshore development program
Sao Tome-Principe		x		B	Limited experience
South Africa			E	F	
Tanzania			E	F	Work proposed for offshore E&P Strategic EIA
Togo			E	B	
Tunisia		x	E	B	
Uganda			E	F	
Asia Pacific					
Australia		x	E	F	EIA support, E&P environmental mgt best practices study
Bangladesh			E		
China		x	E		Offshore exploration ESIA screening
India	x		E	F	Environmental baseline study, ESIA screening and MS development
Indonesia		x	E		ESIA Screening
Korea	x				Environmental due diligence for major petrochemical complex
Malaysia	x		E		Environmental management system development
Pakistan			E	F	
Papua New Guinea			E	F	3-way partnership with local consultancy and NGO for services and training
Philippines	x		E		Offshore exploration ESIA screening, ESIA for offshore seismic survey
Thailand	x		E		ESHIA and environmental/social risk assessment
Vietnam		x	E		Offshore exploration ESIA screening
